The "TEMPTRESS"

TEMPTRESS is the perfect "Pocket Yacht"!

A traditional, direct drives (not costly jet drives) example of a Custom-built 34' Little Harbor Express Cruiser, certainly TEMPTRESS is the perfect 'pocket yacht'. Cruises easily at 20 knots - smooth, and stable underway.

Design: Legendary Ted Hood, of Little Harbor fame, designed his timeless express cruisers and they continue as a benchmark of classic design.

History: TEMPTRESS has enjoyed an amazing legacy of ownership and care - and it continues.

Originally commissioned for the Chairman of Bessemer Trust, in 2009 an experienced yachtsman purchased this Little Harbor 34 and commissioned a complete rebuild from the empty shell up. Included was a new molded deck house, rewiring, new varnished teak exterior and an exquisite varnished teak interior. All work was completed by experienced Hinckley craftsmen over a two-year period, with a cost of over \$950,000. In 2010, this Little Harbor 34 was subsequently completed and launched.

In 2012, the original twin Cummins 270hp diesels were Factory re-manufactured with all new drive trains and running gear were reinstalled.

In September, 2017, all new electronics were installed (\$30,000).

Since restoration, and off season, TEMPTRESS has always been inside-stored in a heated shed. All routine service has been professionally and annually completed with an open checkbook. All exterior varnish was renewed and bottom was faired and received two coats Pettit anti-fouling paint (10-2020).

TEMPTRESS is a real "head turner" wherever she goes, providing an ideal day or picnic boat, weekender, or coastal cruiser. With twin Cummins 270hp diesels, she cruises easily and efficiently at 20 knots with a smooth, stable ride.

Please call for an appointment to see this beautiful custom express cruiser!
