## Description

*Zephyr* is an excellent example of the favored 34z by MJM Yachts. With this fresh, simple concept, paired with strong, but lightweight construction, Bob Johnstone and Designer Doug Zurn recreated *Downeast* yachts in the modern idiom.

This 34z offers many of the features normally associated with larger motor yachts: twin Stidd Seats, Generator, Air Conditioning, Bow and Stern Thrusters, Transom Door. The single 440 HP Yanmar, working with an efficient planing hull, minimizes fuel burn (2.5 NM/Gall at 25 kt cruise) and maintenance costs, without compromising exhilarating performance (max. 31 kt ).

The 34z has earned the coveted CE Class B Safety Rating, for up to 10 persons, and operation up to 200 miles offshore.

The personal Yacht of a very well-known New England boat builder, *Zephyr* benefits from numerous upgrades and improvements including: new Garmin Electronics and Stereo, Newly painted Hull and Topsides, Newly reupholstered Helm Deck Seating, New Helm Deck Strataglass, Freshly varnished interior Brightwork, New Forward Hatch, Windshields, and Portlights.

*Zephyr* is ready for an early Spring Launch, so the fortunate new owner may enjoy the entire 2023 season in this sparkling, stylish MJM. Available for inspection by appointment.
